Become a NJ Chapter Partner.

BUILDING A GREENER, HEALTHIER, WEALTHIER NEW JERSEY.

Providing leadership to our NJ stakeholders and the next generation in sustainable buildings, communities, economic development and environmental stewardship. Championing legislation that will make an immediate impact. Sharing best practices and innovations that inspire and motivate. Helping create over 65 annual education programs. Educating stakeholders on the positive business benefits of green building. This is what it means to sponsor the initiatives of USGBC-NJ.

By aligning with USGBC-NJ, the go-to resource in green building and sustainability, you're sending a powerful message of commitment, passion and promise. Our partners, members and volunteers provide invaluable assistance in helping to develop healthier, high-performing buildings and communities.

Pictured left to right: Jed Richardson (J&J/USGBC-NJ Board Member); Florence Block (USGBC-NJ Executive Director); Keynote Speaker Mayor Steven Fulop (Jersey City); Vance Morolla (Colgate-Palmolive/USGBC-NJ Board Member); guest of Mayor Fulop.

WHY BECOME A SPONSOR?

Leadership. Lead the sustainability initiatives in our businesses, residential communities, schools and health care facilities.

Recognition. Be recognized through USGBC-NJ's website, quarterly newsletters, events and printed materials targeted to advocates and decision-makers. Our newsletter reaches 10,000+ supporters and our educational events attract 1,500+ professionals each year.

Membership. Join one of the most active chapters, with 1,500+ committed members. Receive complimentary chapter memberships with free and discounted event admission.

Investment. Help our research, advocacy and education programs to advance sustainability in lifestyles, buildings and communities.

A MEETING GROUND FOR SUSTAINABILITY-MINDED INDIVIDUALS

THANK YOU TO OUR ADVOCATE SPONSORS

The U.S. Green Building Council-NJ is a 501(c)(3) non-profit organization. Your donation may be tax deductible as allowed by law.

INVEST IN YOUR PASSION.

Our environment is vital, fragile and multi-faceted. At USGBC-NJ, we address green building from many approaches, allowing you to do the same. You may customize your focus of partnership to reflect your priorities, while enabling us to continue our critical work per the following initiatives:

1. Education

Over 65 customized courses and webinars training 1,200+ students annually; as well as corporate leaders, design and building professionals, educators, and public officials to achieve and best maintain sustainability practices and credentials: LEED, GPRO, and CEU.

2. Research and Innovation

USGBC-NJ proactively supports the initiatives that provide the next generation of technology and best practices through benchmarking and baseline studies, collaboration with higher education initiatives, and integration of technology to streamline exploration and facility planning.

3. Green Schools

USGBC-NJ supports the NJ Green Schools Programs, working with school boards, business administrators, facilities managers and faculty to provide business, operational and educational elements of green schools, with a focus on underserved communities.

4. Emerging Professionals

This initiative serves to mentor recent higher education graduates and young professionals entering the industry, mentoring them through empowerment, internship, networking opportunities and continuing education.

5. LEED and Advocacy

We serve as a catalyst for planning and shaping public policy around sustainable building, actively engaging the legislature and various state departments, advocating for the economic benefits of green building in NJ.

6. USGBC-NJ Operations

A non-profit organization, USGBC-NJ is exclusively funded by contributions from our sponsors, members and NJ State Grants.

Your support can also earn key benefits for you and your organization, including gala attendance and golf packages, customized and private education courses and more. To view the full listing of partnership levels and benefits, visit www.usgbc.org or contact Florence Block at executivedirector@usgbcnj.org.
