

**Daniel Topping, AIA, LEED AP BD+C, NK Architects**

Mr. Topping has been a Principal of NK Architects since 2011. His 18-year career has been focused on the design and management of senior care, educational and laboratory facilities. Clients have come to rely on Dan's management skills for the successful completion of their projects. His commitment to managing both budget and schedule is reinforced by his attention to detail, his coordination of the entire project team and his unique problem-solving abilities.

Dan is a graduate of Virginia Polytechnic Institute and is a member of the US Green Building Council, as well as the Society of College & University Planning (SCUP). As a USGBC LEED Accredited Professional since 2003, Dan is continually looking to incorporate innovative sustainable strategies into his projects.

NK Architects, with offices in New Jersey and New York, is not in its 42nd year of providing architectural, engineering and interior design services at both a regional and national level.
