

Ed Seliga, Advanced Solar Products, COO

Mr. Seliga has guided the growth and success of Advanced Solar Products since 2000, and has served as Vice President and COO for over seven years.

With a Civil Engineering degree from Princeton University, he has managed engineering projects in the commercial real estate industry for over 23 years, with a particular focus on environmental and energy system improvements for commercial facilities.

Seliga has long been committed to and involved in the New Jersey Green Building movement. He has been a long-time Board Member of the U.S. Green Building Council – NJ Chapter. For the Somerset County business Partnership, he is a Board member, executive committee member and Chair of “Sustainable Somerset.” He was also a member of the Rutgers University/ Bloustein School team that drafted a NJ “Green Building” manual for the NJ Department of Community Affairs.
