

USGBC New Jersey Chapter Partnership Opportunities

[Become an Annual Partner or Renew Today!](#)

Dear USGBC New Jersey Chapter supporter,

2019 was a very busy year for USGBC New Jersey. We hosted a variety of events targeting different subjects and audiences, and co-hosted USGBC Build it Better: Jersey City 2019 - USGBC's signature event for the Middle Atlantic and New England Regions.

USGBC NJ was formed back in 2003 and has been a positive force for green building and sustainability ever since. The field of green building has changed dramatically since 2003, and we New Jerseyans have grown to meet the challenges. Some highlights include:

- Helped to educate thousands of people about LEED and other related topics (many at no cost thanks to grants from the NJ Department of Labor);
- Significantly impacted advocacy in our state (NJ leads the nation with 37 LEED bills introduced, largely due to USGBC NJ);
- Supported greening schools;
- Nurtured Emerging Professionals;
- Hosted underserved kids for environmental education days;
- Assisted municipalities in going green;
- Been front and center in strengthening the NJ community of green building professionals across a variety of fields, and much more!

Chapter Partners provide critical support to getting things done on the ground. As a USGBC NJ Partner, you:

- Strengthen the sustainability story of your organization and gain brand recognition;
- Engage a diverse and powerful network of decision makers across diverse industries;
- Grow our state and regional green building movement;
- Support advocacy initiatives that advance green building; and
- Cultivate vibrant, healthy, and sustainable communities in our state.

In New Jersey this means hosting quality events, driving social equity engagement, growing our audience, and ultimately, transforming the market.

This is your call to action! Become a Chapter Partner or Renew today.

USGBC NJ is a nonprofit 501(c)(3) organization.

Sustaining Partner Levels & Benefits

The USGBC New Jersey Chapter drives transformation from the ground up, building leaders, building markets, and measuring mission impact. Together, we'll leverage local initiatives to create positive change and tell a powerful story.
